## DAIRY EXPORT INCENTIVE PROGRAM

SEC. 153. [15 U.S.C. 713a–14] (a) During the period beginning 60 days after the date of enactment of this Act and ending on December 31, 2012, the Commodity Credit Corporation shall establish and operate an export incentive program as described in this section for dairy products under section 5 of the Commodity Credit Corporation Charter Act.

(b) The program established under subsection (a) shall provide for the Corporation to make payments, on a bid basis, to an entity that sells for export United States dairy products. The Secretary shall have sole discretion to accept or reject bids under such criteria as the Secretary deems appropriate.

(c) The program shall be operated under such rules and regulations issued by the Secretary as the Secretary deems necessary to ensure, among other things, that—

(1) payments may be made under the program only on the quantity of dairy products sold by an entity for export in any year that is in addition to, and not in place of, any export sales of dairy products that the entity would otherwise make in the absence of the program;

(2) to the extent practicable, dairy products sold for export under the program will not displace commercial export sales of United States dairy products by other exporters;

(3) the maximum volume of dairy product exports allowable consistent with the obligations of the United States under the Uruguay Round Agreements approved under section 101 of the Uruguay Round Agreements Act (19 U.S.C. 3511) is exported under the program each year (minus the volume sold under section 1163 of this Act during that year), except to the extent that the export of such a volume under the program

would, in the judgment of the Secretary, exceed the limitations on the value permitted under subsection (f); and

(4) payments may be made under the program for exports to any destination in the world for the purpose of market development, except a destination in a country with respect to which shipments from the United States are otherwise restricted by law.

(d)(1) The regulations issued by the Secretary may provide for payments under the program to be made in cash or in commodities of equal value that are available in Commodity Credit Corporation stock.

(2) If payments in commodities are authorized, such payments shall be made through the issuance of generic certificates redeemable in commodities.

(3) If generic certificates issued in accordance with the program provided for by this section are exchanged for dairy products owned by the Commodity Credit Corporation, the regulations issued by the Secretary shall ensure that—

(A) such dairy products, or an equal quantity of other dairy products, will be sold for export by the entity; and

(B) any such export sales by the entity—

(i) will be in addition to, and not in place of, export sales of dairy products that the entity would otherwise make under the program or in the absence of the program; and

(ii) to the extent practicable, will not displace commercial export sales of United States dairy products by other exporters.

(e)(1) The payments made under the program shall be made at a rate or rates established or approved by the Secretary, taking into consideration, among other things the type of product to be exported, the domestic price of dairy products, the world price of the dairy products, and any additional amount that may be required to assist in the development of world markets for United States dairy products.

(2) Any such rate established or approved by the Secretary shall be published in the Federal Register or publicly announced through other appropriate means, and shall be at a level or levels as will encourage the exportation of United States dairy products by entities.

(f) REQUIRED FUNDING.—

(1) FUNDS AND COMMODITIES.—Except as provided in paragraph (2), the Commodity Credit Corporation shall in each year use money and commodities for the program under this section in the maximum amount consistent with the obligations of the United States under the Uruguay Round Agreements approved under section 101 of the Uruguay Round Agreements Act (19 U.S.C. 3511), minus the amount expended under section 1163 of this Act during that year.

(2) VOLUME LIMITATIONS.—The Commodity Credit Corporation may not exceed the limitations specified in subsection (c)(3) on the volume of allowable dairy product exports.

**COST REDUCTION OPTIONS**

**SEC. 1009. [7 U.S.C. 1308a]** (a) Notwithstanding any other provision of law, whenever the Secretary of Agriculture determines that an action authorized under subsection (c), (d), or (e) will reduce the total of the direct and indirect costs to the Federal Government of a commodity program administered by the Secretary without adversely affecting income to small- and medium-sized producers participating in such program, the Secretary shall take such action with respect to the commodity program involved.

(b) In the announcement of the specific provisions of any commodity program administered by the Secretary of Agriculture, the Secretary shall include a statement setting forth which, if any, of the actions are to be initially included in the program, and a statement that the Secretary reserves the right to initiate at a later date any action not previously included but authorized by this section, including the right to reopen and change a contract entered into by a producer under the program if the producer voluntarily agrees to the change.

(c) When a nonrecourse loan program is in effect for a crop of a commodity, the Secretary may enter the commercial market to purchase such commodity if the Secretary determines that the cost of such purchases plus appropriate carrying charges will probably be less than the comparable cost of later acquiring the commodity through defaults on nonrecourse loans under the program.

(d) When the domestic market price of a commodity for which a nonrecourse loan program (including the program authorized by section 110 of the Agricultural Act of 1949 (7 U.S.C. 1445e)) is in effect is insufficient to cover the principal and accumulated interest on a loan made under such program, thereby encouraging default by a producer, the Secretary may provide for settlement of such loan and redemption by the producer of the commodity securing such loan for less than the total of the principal and all interest accumulated thereon if the Secretary determines that such reduc-

tion in the settlement price will yield benefits to the Federal Government due to—

- (1) receipt by the Federal Government of a portion rather than none of the accumulated interest;
- (2) avoidance of default; or
- (3) elimination of storage, handling, and carrying charges on the forfeited commodity.

(e) When a production control or loan program is in effect for a crop of a major agricultural commodity, the Secretary may at any time prior to harvest reopen the program to participating producers for the purpose of accepting bids from producers for the conversion of acreage planted to such crop to diverted acres in return for payment in kind from Commodity Credit Corporation surplus stocks of the commodity to which the acreage was planted, if the Secretary determines that (1) changes in domestic or world supply or demand conditions have substantially changed after announcement of the program for that crop, and (2) without action to further adjust production, the Federal Government and producers will be faced with a burdensome and costly surplus. Such payments in kind shall not be included within the payment limitation per person established under section 1001 of this Act, but shall be limited to a total \$20,000 per year per producer for any one commodity.

(f) The authority provided in this section shall be in addition to, and not in place of, any authority granted to the Secretary under any other provision of law.

#### Subtitle B—Maintenance and Development of Export Markets

\* \* \* \* \*

#### TRADE POLICY DECLARATION

SEC. 1121. [7 U.S.C. 1736p] It is hereby declared to be the agricultural trade policy of the United States to—

(1) be the premier supplier of agricultural and food products to world markets and expand exports of high value products;

(2) support the principle of free trade and the promotion of fair trade in agricultural commodities and products;

(3) cooperate fully in all efforts to negotiate with foreign countries further reductions in tariff and nontariff barriers to trade, including sanitary and phytosanitary measures and trade-distorting subsidies;

(4) aggressively counter unfair foreign trade practices as a means of encouraging fairer trade;

(5) remove foreign policy constraints to maximize United States economic interests through agricultural trade; and

(6) provide for consideration of United States agricultural trade interests in the design of national fiscal and monetary policy that may foster continued strength in the value of the dollar.

\* \* \* \* \*

#### SEC. 1123. [7 U.S.C. 1736r] TRADE NEGOTIATIONS POLICY.

(a) FINDINGS.—Congress finds that—

(1) on a level playing field, United States producers are the most competitive suppliers of agricultural products in the world;

(2) exports of United States agricultural products accounted for \$54,000,000,000 in 1995, contributing a net \$24,000,000,000 to the merchandise trade balance of the United States and supporting approximately 1,000,000 jobs;

(3) increased agricultural exports are critical to the future of the farm, rural, and overall United States economy, but the opportunities for increased agricultural exports are limited by the unfair subsidies of the competitors of the United States, and a variety of tariff and nontariff barriers to highly competitive United States agricultural products;

(4) international negotiations can play a key role in breaking down barriers to United States agricultural exports;

(5) the Uruguay Round Agreement on Agriculture made significant progress in the attainment of increased market ac-

cess opportunities for United States exports of agricultural products, for the first time—

(A) restraining foreign trade-distorting domestic support and export subsidy programs; and

(B) developing common rules for the application of sanitary and phytosanitary restrictions; that should result in increased exports of United States agricultural products, jobs, and income growth in the United States;

(6) the Uruguay Round Agreement on Agriculture did not succeed in completely eliminating trade distorting domestic support and export subsidies by—

(A) allowing the European Union to continue unreasonable levels of spending on export subsidies; and

(B) failing to discipline monopolistic state trading entities, such as the Canadian Wheat Board, that use non-transparent and discriminatory pricing as a hidden de facto export subsidy;

(7) during the period 1996 through 2002, there will be several opportunities for the United States to negotiate fairer trade in agricultural products, including further negotiations under the World Trade Organization, and steps toward possible free trade agreements of the Americas and Asian-Pacific Economic Cooperation (APEC); and

(8) the United States should aggressively use these opportunities to achieve more open and fair opportunities for trade in agricultural products.

(b) GOALS OF THE UNITED STATES IN AGRICULTURAL TRADE NEGOTIATIONS.—The objectives of the United States with respect to future negotiations on agricultural trade include—

(1) increasing opportunities for United States exports of agricultural products by eliminating tariff and nontariff barriers to trade;

(2) leveling the playing field for United States producers of agricultural products by limiting per unit domestic production supports to levels that are no greater than those available in the United States;

(3) ending the practice of export dumping by eliminating all trade distorting export subsidies and disciplining state trading entities so that they do not (except in cases of bona fide food aid) sell in foreign markets at prices below domestic market prices or prices below their full costs of acquiring and delivering agricultural products to the foreign markets; and

(4) encouraging government policies that avoid price-depressing surpluses.

#### COOPERATOR MARKET DEVELOPMENT PROGRAM

SEC. 1126. [7 U.S.C. 1736u] (a) It is the sense of Congress that the cooperator market development program of the Foreign Agricultural Service should be continued to help develop new markets and expand and maintain existing markets for United States

agricultural commodities, using nonprofit agricultural trade organizations to the maximum extent practicable.

(b) The cooperator market development program shall be exempt from the requirements of Circular A 110 issued by the Office of Management and Budget.

#### Subtitle E—Trade Practices

\* \* \* \* \*

#### EXPORT SALES OF DAIRY PRODUCTS

SEC. 1163. [7 U.S.C. 1731 note; Public Law 99–198] (a) In each fiscal year, the Secretary of Agriculture may sell dairy products for export, at such prices as the Secretary determines appropriate, in a quantity and allocated as determined by the Secretary, consistent with the obligations undertaken by the United States set forth in the Uruguay Round Agreements, if the disposition of the commodities will not interfere with the usual marketings of the United States nor disrupt world prices of agricultural commodities and patterns of commercial trade.

(b) Such sales shall be made through the Commodity Credit Corporation under existing authority available to the Secretary or the Commodity Credit Corporation.

(c) Through September 30, 1995, the Secretary shall report semi-annually to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate on the volume of sales made under this section.

(4) CONSERVATION SYSTEM.—The term “conservation system” means a combination of 1 or more conservation measures or management practices that—

(A) are based on local resource conditions, available conservation technology, and the standards and guidelines contained in the Natural Resources Conservation Service field office technical guides; and

(B) are designed to achieve, in a cost effective and technically practicable manner, a substantial reduction in soil erosion or a substantial improvement in soil conditions on a field or group of fields containing highly erodible cropland when compared to the level of erosion or soil conditions that existed before the application of the conservation measures and management practices.

(5) The term “conservation district” means any district or unit of State or local government formed under State or territorial law for the express purpose of developing and carrying out a local soil and water conservation program. Such district or unit of government may be referred to as a “conservation district”, “soil conservation district”, “soil and water conservation district”, “resource conservation district”, “natural resource district”, “land conservation committee”, or a similar name.

(ii) before such action—

(I) such land was wetland; and

(II) such land was neither highly erodible land nor highly erodible cropland.

(B) Wetland shall not be considered converted wetland if production of an agricultural commodity on such land during a crop year—

At the option of the owner or operator of the farm, croplines may also be used to delineate a field if farming practices make it probable that the croplines are not subject to change. Any highly erodible land on which an agricultural commodity is produced after December 23, 1985, and that is not exempt under section 1212, shall be considered as part of the field in which the land was included on December 23, 1985, unless the owner and Secretary agree to modification of the boundaries of the field to carry out this title.

  - (ii) that has, or that if used to produce an agricultural commodity, would have an excessive average annual rate of erosion in relation to the soil loss tolerance level, as established by the Secretary, and as determined by the Secretary through application of factors from the universal soil loss equation and the wind erosion equation, including factors for climate, soil erodibility, and field slope.
- (B) For purposes of this paragraph, the land capability class or rate of erosion for a field shall be that determined by the Secretary to be the predominant class or rate of erosion under regulations issued by the Secretary.
- (C) EQUATIONS.—Not later than 60 days after the date of enactment of this subparagraph, the Secretary shall publish in the Federal Register the universal soil loss equation and wind erosion equation used by the Department of Agriculture as of that date. The Secretary may not change the equations after that date except following notice and comment in a manner consistent with section 553 of title 5, United States Code.

(12) The term “hydric soil” means soil that, in its undrained condition, is saturated, flooded, or ponded long enough during a growing season to develop an anaerobic condition that supports the growth and regeneration of hydrophytic vegetation.

(13) The term “hydrophytic vegetation” means a plant growing in—

(A) water; or

(B) a substrate that is at least periodically deficient in oxygen during a growing season as a result of excessive water content.

(14) INDIAN TRIBE.—The term “Indian tribe” has the meaning given the term in section 4(e) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b(e)).

(B) is inundated or saturated by surface or groundwater at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions; and

(C) under normal circumstances does support a prevalence of such vegetation. For purposes of this Act, and any other Act, this term shall not include lands in Alaska identified as having high potential for agricultural development which have a predominance of permafrost soils.

(b) The Secretary shall develop—

(1) criteria for the identification of hydric soils and hydrophytic vegetation; and

(2) lists of such soils and such vegetation.

#### SUBTITLE B—HIGHLY ERODIBLE LAND CONSERVATION

#### SEC. 1211. [16 U.S.C. 3811] PROGRAM INELIGIBILITY.

(a) IN GENERAL.—Except as provided in section 1212, and notwithstanding any other provision of law, any person who in any crop year produces an agricultural commodity on a field on which highly erodible land is predominate, or designates land on which highly erodible land is predominate to be set aside, diverted, devoted to conservation uses, or otherwise not cultivated under a program administered by the Secretary to reduce production of an agricultural commodity, as determined by the Secretary shall be ineligible for—

(1) as to any commodity produced during that crop year by such person—

(A) contract payments under a production flexibility contract, marketing assistance loans, and any type of price support or payment made available under the Agricultural Market Transition Act, the Commodity Credit Corporation Charter Act (15 U.S.C. 714 et seq.), or any other Act;

(C) a disaster payment; or

(D) a loan made, insured, or guaranteed under the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.) or any other provision of law administered by the Consolidated Farm Service Agency, if the Secretary determines that the proceeds of such loan will be used for a purpose that will contribute to excessive erosion of highly erodible land;

(2) a payment made under section 4 or 5 of the Commodity Credit Corporation Charter Act (15 U.S.C. 714b or 714c) during such crop year for the storage of an agricultural commodity acquired by the Commodity Credit Corporation; or

(b) **HIGHLY ERODIBLE LAND.**—The Secretary shall have, and shall not delegate to any private person or entity, authority to determine whether a person has complied with this subtitle.

#### EXEMPTIONS

**SEC. 1212. [16 U.S.C. 3812]** (a)(1) During the period beginning on the date of the enactment of this Act and ending on the later of January 1, 1990, or the date that is 2 years after the date land on which a crop of an agricultural commodity is produced was mapped by the Soil Conservation Service for purposes of classifying such land under the land capability classification system in effect on the date of enactment of this Act, except as provided in paragraph (2), no person shall become ineligible under section 1211 for program loans, payments, and benefits as the result of the production of a crop of an agricultural commodity on any land that was—

(A) cultivated to produce any of the 1981 through 1985 crops of an agricultural commodity; or

(B) set aside, diverted or otherwise not cultivated under a program administered by the Secretary for any such crops to reduce production of an agricultural commodity.

(2) If, as of January 1, 1990, or 2 years after the Soil Conservation Service has completed a soil survey for the farm, whichever is later, a person is actively applying a conservation plan, such person shall have until January 1, 1995, to comply with the plan without

being subject to program ineligibility. In carrying out this subsection, the Secretary, Soil Conservation Service, and local soil conservation districts shall minimize the quantity of documentation a person must submit to comply with this paragraph.

(3) Any person who owns or operates highly erodible land that was the subject of a contract entered into under subchapter B of chapter 1 of subtitle D shall only be required to apply a conservation plan established under this subtitle. The person shall not be required to meet a higher conservation standard than the standard applied to other highly erodible cropland located within the same area. If the person's conservation plan requires structures to be constructed, the person shall have until 2 years after the expiration of such contract to comply with the conservation plan, or a longer period of time if the Secretary determines compliance is otherwise technically or economically not feasible, or such longer period is otherwise appropriate, before such person will be subject to program ineligibility with respect to such land under section 1211.

(4) On the expiration of a contract entered into under subchapter B of chapter 1 of subtitle D, the provisions of this subtitle shall apply to the acreage that was the subject of such contract.

(b) No person shall become ineligible under section 1211 for program loans, payments, and benefits as the result of the production of a crop of an agricultural commodity—

(1) planted before the date of enactment of this Act; or

(2) planted during any crop year beginning before the date of enactment of this Act.

(c) No person shall become ineligible under section 1211 for program loans, payments, and benefits as the result of the production of a crop of an agricultural commodity or the designation of land to be set aside, diverted, devoted to conservation uses, or otherwise not cultivated under a program administered by the Secretary to reduce production of an agricultural commodity (hereafter in this subsection referred to as "set aside")—

(1) on highly erodible land in an area—

(A) within a conservation district, under a conservation system that has been approved by a conservation district after the district has determined that the conservation system is in conformity with technical standards set forth in the Soil Conservation Service technical guide for such district; or

(B) not within a conservation district, under a conservation system determined by the Secretary to be adequate for the protection of highly erodible land that has been set aside or for the production of such agricultural commodity on any highly erodible land subject to this title; or

(2) on highly erodible land that is planted or set aside in reliance on a determination by the Soil Conservation Service that such land was not highly erodible land, except that this paragraph shall not apply to any agricultural commodity that was planted or set aside on any land after the Soil Conservation Service determines that such land is highly erodible land; or

(3) on highly erodible land planted to alfalfa during each of the 1981 through 1985 crop years as part of a rotation practice approved by the Secretary, if the person has submitted a conservation plan, in which case, such person shall have until June 1, 1988, to comply with the plan without being subject to program ineligibility under section 1211.

(d) Section 1211 shall not apply to a loan described in section 1211 made before the date of enactment of this Act.

(e) If a tenant is determined to be ineligible for payments and other benefits under section 1211, the Secretary may limit such ineligibility only to the farm which is the basis for such ineligibility determination if—

(1) the tenant has established to the satisfaction of the Secretary that—

(A) the tenant has made a good faith effort to meet the requirements of this section, including enlisting the assistance of the Secretary to obtain a reasonable conservation plan for such farm; and

(B) the landlord on the farm refuses to comply with such plan on such farm; and

(2) the Secretary determines that such lack of compliance is not a part of a scheme or device to avoid such compliance. The Secretary shall provide an annual report to the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate concerning the ineligibility determinations limited during the previous 12-month period under this subsection.

(f) GRADUATED PENALTIES.—

(1) INELIGIBILITY.—No person shall become ineligible under section 1211 for program loans, payments, and benefits as a result of the failure of the person to actively apply a conservation plan, if the Secretary determines that the person has acted in good faith and without an intent to violate this subtitle.

(2) ELIGIBLE REVIEWERS.—A determination of the Secretary, or a designee of the Secretary, under paragraph (1) shall be reviewed by the applicable—

(A) State Executive Director, with the technical concurrence of the State Conservationist; or

(B) district director, with the technical concurrence of the area conservationist.

(3) PERIOD FOR IMPLEMENTATION.—A person who meets the requirements of paragraph (1) shall be allowed a reasonable period of time, as determined by the Secretary, but not to exceed 1 year, during which to implement the measures and practices necessary to be considered to be actively applying the conservation plan of the person.

(4) PENALTIES.—

(A) APPLICATION.—This paragraph applies if the Secretary determines that—

(i) a person has failed to comply with section 1211 with respect to highly erodible cropland, and has acted in good faith and without an intent to violate section 1211; or

(ii) the violation—

(I) is technical and minor in nature; and

(II) has a minimal effect on the erosion control purposes of the conservation plan applicable to the land on which the violation has occurred.

(B) REDUCTION.—If this paragraph applies under subparagraph (A), the Secretary shall, in lieu of applying the ineligibility provisions of section 1211, reduce program benefits described in section 1211 that the producer would otherwise be eligible to receive in a crop year by an amount commensurate with the seriousness of the violation, as determined by the Secretary.

(5) SUBSEQUENT CROP YEARS.—Any person whose benefits are reduced for any crop year under this subsection shall continue to be eligible for all of the benefits described in section 1211 for any subsequent crop year if, prior to the beginning of the subsequent crop year, the Secretary determines that the person is actively applying a conservation plan according to the schedule specified in the plan.

(g) The Secretary, in providing assistance to an individual in the preparation or revision of a conservation plan under this section, shall provide such individual with information—

(1) concerning cost effective and applicable erosion control measures that may be available to such individual to meet the requirements of this section; and

(2) concerning crop flexibility, base adjustment, and conservation assistance options that may be available to such individual to meet the requirements of this section, including the provisions of titles X, XII, and XIII of the Food, Agriculture, Conservation, and Trade Act of 1990 (or the amendments made by such titles).

(h) Section 1211 shall not apply to the noncommercial production of agricultural commodities on a farm if such production is limited to two acres or less and if the Secretary determines that such production is not intended to circumvent the conservation requirements otherwise applicable to lands under this subtitle.

**SEC. 1213. [16 U.S.C. 3812a] DEVELOPMENT AND IMPLEMENTATION OF CONSERVATION PLANS AND CONSERVATION SYSTEMS.**

(a) TECHNICAL REQUIREMENTS.—In connection with the standards and guidelines contained in Natural Resources Conservation Service field office technical guides applicable to the development and use of conservation measures and management practices as part of a conservation system, the Secretary shall ensure that the standards and guidelines permit a person to use a conservation system that—

(1) is technically and economically feasible;

(2) is based on local resource conditions and available conservation technology;

(3) is cost-effective; and

(4) does not cause undue economic hardship on the person applying the conservation system under the person's conservation plan.

(b) MEASUREMENT OF EROSION REDUCTION.—For the purpose of determining whether there is a substantial reduction in soil ero-

sion on a field containing highly erodible cropland, the measurement of erosion reduction achieved by the application of a conservation system under a person's conservation plan shall be based on the estimated annual level of erosion at the time of the measurement compared to the estimated annual level of erosion that existed before the implementation of the conservation measures and management practices provided for in the conservation system.

(c) RESIDUE MEASUREMENT.—

(1) RESPONSIBILITIES OF THE SECRETARY.—For the purpose of measuring the level of residue on a field, the Secretary shall—

(A) take into account any residue incorporated into the top 2 inches of soil, as well as the growing crop, in the measurement;

(B) provide technical guidelines for acceptable residue measurement methods;

(C) provide a certification system for third parties to perform residue measurements; and

(D) provide for the acceptance and use of information and data voluntarily provided by the producer regarding the field.

(2) ACCEPTANCE OF PRODUCER MEASUREMENTS.—Annual residue measurements supplied by a producer (including measurements performed by a certified third party) shall be used by the Secretary if the Secretary determines that the measurements indicate that the residue level for the field meets the level required under the conservation plan.

(d) CERTIFICATION OF COMPLIANCE.—

(1) IN GENERAL.—For the purpose of determining the eligibility of a person for program benefits specified in section 1211 at the time application is made for the benefits, the Secretary shall permit the person to certify that the person is complying with the person's conservation plan.

(2) STATUS REVIEWS.—If a person makes a certification under paragraph (1), the Secretary shall not be required to carry out a review of the status of compliance of the person with the conservation plan under which the conservation system is being applied.

(3) REVISIONS AND MODIFICATIONS.—The Secretary shall permit a person who makes a certification under paragraph (1) with respect to a conservation plan to revise the conservation plan in any manner, if the same level of conservation treatment provided for by the conservation system under the person's conservation plan is maintained. The Secretary may not revise the person's conservation plan without the concurrence of the person.

(e) TECHNICAL ASSISTANCE.—The Secretary shall, using available resources and consistent with the Secretary's other conservation responsibilities and objectives, provide technical assistance to a person throughout the development, revision, and application of the conservation plan and any conservation system of the person. At the request of the person, the Secretary may provide technical assistance regarding conservation measures and management prac-

tices for other lands of the person that do not contain highly erodible cropland.

(f) **ENCOURAGEMENT OF ON-FARM RESEARCH.**—To encourage on-farm conservation research, the Secretary may allow a person to include in the person's conservation plan or a conservation system under the plan, on a field trial basis, practices that are not currently approved but that the Secretary considers have a reasonable likelihood of success.

#### SOIL SURVEYS

**SEC. 1214. [16 U.S.C. 3813]** The Secretary shall, as soon as is practicable after the date of enactment of this Act, complete soil surveys on those private lands that do not have a soil survey suitable for use in determining the land capability class for purposes of this subtitle. In carrying out this section, the Secretary shall, insofar as possible, concentrate on those localities where significant amounts of highly erodible land are being converted to the production of agricultural commodities.

#### **SEC. 1215. [16 U.S.C. 3814] NOTICE AND INVESTIGATION OF POSSIBLE COMPLIANCE DEFICIENCIES.**

(a) **IN GENERAL.**—An employee of the Department of Agriculture who observes a possible compliance deficiency or other potential violation of a conservation plan or this subtitle while providing on-site technical assistance shall provide to the responsible persons, not later than 45 days after observing the possible violation, information regarding actions needed to comply with the plan and this subtitle. The employee shall provide the information in lieu of reporting the observation as a compliance violation.

(b) **CORRECTIVE ACTION.**—The responsible persons shall attempt to correct the deficiencies as soon as practicable after receiving the information.

(c) **REVIEW.**—If the corrective action is not fully implemented not later than 1 year after the responsible persons receive the information, the Secretary may conduct a review of the status of compliance of the persons with the conservation plan and this subtitle.

#### Subtitle C—Wetland Conservation

#### **SEC. 1221. [16 U.S.C. 3821] PROGRAM INELIGIBILITY.**

(a) **PRODUCTION ON CONVERTED WETLAND.**—Except as provided in this subtitle and notwithstanding any other provision of law, any person who in any crop year produces an agricultural commodity on converted wetland, as determined by the Secretary, shall be—

- (1) in violation of this section; and
- (2) ineligible for loans or payments in an amount determined by the Secretary to be proportionate to the severity of the violation.

(b) **INELIGIBILITY FOR CERTAIN LOANS AND PAYMENTS.**—If a person is determined to have committed a violation under subsection (a) during a crop year, the Secretary shall determine which of, and the amount of, the following loans and payments for which the person shall be ineligible:

- (1) Contract payments under a production flexibility contract, marketing assistance loans, and any type of price sup-

port or payment made available under the Agricultural Market Transition Act, the Commodity Credit Corporation Charter Act (15 U.S.C. 714 et seq.), or any other Act.

(2) A loan made or guaranteed under the Consolidated Farm and Rural Development Act (7 U.S.C. 1921 et seq.) or any other provision of law administered by the Consolidated Farm Service Agency, if the Secretary determines that the proceeds of the loan will be used for a purpose that will contribute to conversion of a wetland (other than as provided in this subtitle) to produce an agricultural commodity.

(3) During the crop year:

(A) A payment made pursuant to a contract entered into under the environmental quality incentives program under chapter 4 of subtitle D.

(B) A payment under any other provision of subtitle D.

(C) A payment under section 401 or 402 of the Agricultural Credit Act of 1978 (16 U.S.C. 2201 and 2202).

(D) A payment, loan, or other assistance under section 3 or 8 of the Watershed Protection and Flood Prevention Act (16 U.S.C. 1003 and 1006a).

(c) **WETLAND CONVERSION.**—Except as provided in section 1222 and notwithstanding any other provision of law, any person who in any crop year beginning after November 28, 1990, converts a wetland by draining, dredging, filling, leveling, or any other means for the purpose, or to have the effect, of making the production of an agricultural commodity possible on such converted wetland shall be ineligible for those payments, loans, or programs specified in subsection (b) for that crop year and all subsequent crop years.

(d) **PRIOR LOANS.**—This section shall not apply to a loan described in subsection (b) made before December 23, 1985.

(e) **WETLAND.**—The Secretary shall have, and shall not delegate to any private person or entity, authority to determine whether a person has complied with this subtitle.

**SEC. 1222. [16 U.S.C. 3822] DELINEATION OF WETLANDS; EXEMPTIONS.**

(a) **DELINEATION BY THE SECRETARY.**—

(1) **IN GENERAL.**—Subject to subsection (b) and paragraph (6), the Secretary shall delineate, determine, and certify all wetlands located on subject land on a farm.

(2) **WETLAND DELINEATION MAPS.**—The Secretary shall delineate wetlands on wetland delineation maps. On the request of a person, the Secretary shall make a reasonable effort to make an on-site wetland determination prior to delineation.

(3) **CERTIFICATION.**—On providing notice to affected persons, the Secretary shall—

(A) certify whether a map is sufficient for the purpose of making a determination of ineligibility for program benefits under section 1221; and

(B) provide an opportunity to appeal the certification prior to the certification becoming final.

(4) **DURATION OF CERTIFICATION.**—A final certification made under paragraph (3) shall remain valid and in effect as long as the area is devoted to an agricultural use or until such

time as the person affected by the certification requests review of the certification by the Secretary.

(5) REVIEW OF MAPPING ON APPEAL.—In the case of an appeal of the Secretary's certification, the Secretary shall review and certify the accuracy of the mapping of all land subject to the appeal to ensure that the subject land has been accurately delineated. Prior to rendering a decision on the appeal, the Secretary shall conduct an on-site inspection of the subject land on a farm.

(6) RELIANCE ON PRIOR CERTIFIED DELINEATION.—No person shall be adversely affected because of having taken an action based on a previous certified wetland delineation by the Secretary. The delineation shall not be subject to a subsequent wetland certification or delineation by the Secretary, unless requested by the person under paragraph (4).

(b) EXEMPTIONS.—No person shall become ineligible under section 1221 for program loans or payments under the following circumstances:

(1) As the result of the production of an agricultural commodity on the following lands:

(A) A converted wetland if the conversion of the wetland was commenced before December 23, 1985.

(B) Land that is a nontidal drainage or irrigation ditch excavated in upland.

(C) A wet area created by a water delivery system, irrigation, irrigation system, or application of water for irrigation.

(D) A wetland on which the owner or operator of a farm or ranch uses normal cropping or ranching practices to produce an agricultural commodity in a manner that is consistent for the area where the production is possible as a result of a natural condition, such as drought, and is without action by the producer that destroys a natural wetland characteristic.

(E) Land that is an artificial lake or pond created by excavating or diking land (that is not a wetland) to collect and retain water and that is used primarily for livestock watering, fish production, irrigation, wildlife, fire control, flood control, cranberry growing, or rice production, or as a settling pond.

(F) A wetland that is temporarily or incidentally created as a result of adjacent development activity.

(G) A converted wetland if the original conversion of the wetland was commenced before December 23, 1985, and the Secretary determines the wetland characteristics returned after that date as a result of—

(i) the lack of maintenance of drainage, dikes, levees, or similar structures;

(ii) a lack of management of the lands containing the wetland; or

(iii) circumstances beyond the control of the person.

(H) A converted wetland, if—

(i) the converted wetland was determined by the Natural Resources Conservation Service to have been manipulated for the production of an agricultural commodity or forage prior to December 23, 1985, and was returned to wetland conditions through a voluntary restoration, enhancement, or creation action subsequent to that determination;

(ii) technical determinations regarding the prior site conditions and the restoration, enhancement, or creation action have been adequately documented by the Natural Resources Conservation Service;

(iii) the proposed conversion action is approved by the Natural Resources Conservation Service prior to implementation; and

(iv) the extent of the proposed conversion is limited so that the conditions will be at least equivalent to the wetland functions and values that existed prior to implementation of the voluntary wetland restoration, enhancement, or creation action.

(2) For the conversion of the following:

(A) An artificial lake or pond created by excavating or diking land that is not a wetland to collect and retain water and that is used primarily for livestock watering, fish production, irrigation, wildlife, fire control, flood control, cranberry growing, rice production, or as a settling pond.

(B) A wetland that is temporarily or incidentally created as a result of adjacent development activity.

(C) A wetland on which the owner or operator of a farm or ranch uses normal cropping or ranching practices to produce an agricultural commodity in a manner that is consistent for the area where the production is possible as a result of a natural condition, such as drought, and is without action by the producer that destroys a natural wetland characteristic.

(D) A wetland previously identified as a converted wetland (if the original conversion of the wetland was commenced before December 23, 1985), but that the Secretary determines returned to wetland status after that date as a result of—

(i) the lack of maintenance of drainage, dikes, levees, or similar structures;

(ii) a lack of management of the lands containing the wetland; or

(iii) circumstances beyond the control of the person.

(E) A wetland, if—

(i) the wetland was determined by the Natural Resources Conservation Service to have been manipulated for the production of an agricultural commodity or forage prior to December 23, 1985, and was returned to wetland conditions through a voluntary restoration, enhancement, or creation action subsequent to that determination;

(ii) technical determinations regarding the prior site conditions and the restoration, enhancement, or creation action have been adequately documented by the Natural Resources Conservation Service;

(iii) the proposed conversion action is approved by the Natural Resources Conservation Service prior to implementation; and

(iv) the extent of the proposed conversion is limited so that the conditions will be at least equivalent to the wetland functions and values that existed prior to implementation of the voluntary wetland restoration, enhancement, or creation action.

(c) ON-SITE INSPECTION REQUIREMENT.—No program loans, payments, or benefits shall be withheld from a person under this subtitle unless the Secretary has conducted an on-site visit of the subject land.

(d) IDENTIFICATION OF MINIMAL EFFECT EXEMPTIONS.—For purposes of applying the minimal effect exemption under subsection (f)(1), the Secretary shall identify by regulation categorical minimal effect exemptions on a regional basis to assist persons in avoiding a violation of the ineligibility provisions of section 1221. The Secretary shall ensure that employees of the Department of Agriculture who administer this subtitle receive appropriate training to properly apply the minimal effect exemptions determined by the Secretary.

(e) NONWETLANDS.—The Secretary shall exempt from the ineligibility provisions of section 1221 any action by a person upon lands in any case in which the Secretary determines that any one of the following does not apply with respect to such lands:

(1) Such lands have a predominance of hydric soils.

(2) Such lands are inundated or saturated by surface or groundwater at a frequency and duration sufficient to support a prevalence of hydrophytic vegetation typically adapted for life in saturated soil conditions.

(3) Such lands, under normal circumstances, support a prevalence of such vegetation.

(f) MINIMAL EFFECT; MITIGATION.—The Secretary shall exempt a person from the ineligibility provisions of section 1221 for any action associated with the production of an agricultural commodity on a converted wetland, or the conversion of a wetland, if 1 or more of the following conditions apply, as determined by the Secretary:

(1) The action, individually and in connection with all other similar actions authorized by the Secretary in the area, will have a minimal effect on the functional hydrological and biological value of the wetlands in the area, including the value to waterfowl and wildlife.

(2) The wetland and the wetland values, acreage, and functions are mitigated by the person through the restoration of a converted wetland, the enhancement of an existing wetland, or the creation of a new wetland, and the restoration, enhancement, or creation is—

(A) in accordance with a wetland conservation plan;

(B) in advance of, or concurrent with, the action;

(C) not at the expense of the Federal Government;

(D) in the case of enhancement or restoration of wetlands, on not greater than a 1-for-1 acreage basis unless more acreage is needed to provide equivalent functions and values that will be lost as a result of the wetland conversion to be mitigated;

(E) in the case of creation of wetlands, on greater than a 1-for-1 acreage basis if more acreage is needed to provide equivalent functions and values that will be lost as a result of the wetland conversion that is mitigated;

(F) on lands in the same general area of the local watershed as the converted wetland; and

(G) with respect to the restored, enhanced, or created wetland, made subject to an easement that—

(i) is recorded on public land records;

(ii) remains in force for as long as the converted wetland for which the restoration, enhancement, or creation to be mitigated remains in agricultural use or is not returned to its original wetland classification with equivalent functions and values; and

(iii) prohibits making alterations to the restored, enhanced, or created wetland that lower the wetland's functions and values.

(3) The wetland was converted after December 23, 1985, but before November 28, 1990, and the wetland values, acreage, and functions are mitigated by the producer through the requirements of subparagraphs (A), (B), (C), (D), (F), and (G) of paragraph (2).

(4) The action was authorized by a permit issued under section 404 of the Federal Water Pollution Control Act (33 U.S.C. 1344) and the wetland values, acreage, and functions of the converted wetland were adequately mitigated for the purposes of this subtitle.

(g) MITIGATION APPEALS.—A person<sup>1222-1</sup> shall be afforded the right to appeal, under section 1243, the imposition of a mitigation agreement requiring greater than one-to-one acreage mitigation to which the person<sup>1222-1</sup> is subject.

(h) GOOD FAITH EXEMPTION.—

(1) EXEMPTION DESCRIBED.—The Secretary may waive a person's ineligibility under section 1221 for program loans, payments, and benefits as the result of the conversion of a wetland subsequent to November 28, 1990, or the production of an agricultural commodity on a converted wetland, if the Secretary determines that the person has acted in good faith and without intent to violate this subtitle.

(2) ELIGIBLE REVIEWERS.—A determination of the Secretary, or a designee of the Secretary, under paragraph (1) shall be reviewed by the applicable—

(A) State Executive Director, with the technical concurrence of the State Conservationist; or

(B) district director, with the technical concurrence of the area conservationist.

(3) PERIOD FOR COMPLIANCE.—The Secretary shall provide a person who the Secretary determines has acted in good faith and without intent to violate this subtitle with a reasonable

period, but not to exceed 1 year, during which to implement the measures and practices necessary to be considered to be actively restoring the subject wetland.

(i) **RESTORATION.**—Any person who is determined to be ineligible for program benefits under section 1221 for any crop year shall not be ineligible for such program benefits under such section for any subsequent crop year if, prior to the beginning of such subsequent crop year, the person has fully restored the characteristics of the converted wetland to its prior wetland state or has otherwise mitigated for the loss of wetland values, as determined by the Secretary, through the restoration, enhancement, or creation of wetland values in the same general area of the local watershed as the converted wetland.

(j) **DETERMINATIONS; RESTORATION AND MITIGATION PLANS; MONITORING ACTIVITIES.**—Technical determinations, the development of restoration and mitigation plans, and monitoring activities under this section shall be made by the National <sup>1222-2</sup> Resources Conservation Service.

(k) **MITIGATION BANKING PROGRAM.**—Using authorities available to the Secretary, the Secretary may operate a pilot program for mitigation banking of wetlands to assist persons to increase the efficiency of agricultural operations while protecting wetland functions and values. Subsection (f)(2)(C) shall not apply to this subsection.

**SEC. 1223. [16 U.S.C. 3823] AFFILIATED PERSONS.**

If a person is affected by a reduction in benefits under section 1221 and the affected person is affiliated with other persons for the purpose of receiving the benefits, the benefits of each affiliated person shall be reduced under section 1221 in proportion to the interest held by the affiliated person.

**SEC. 1224. [16 U.S.C. 3824] FAIRNESS OF COMPLIANCE.**

If the actions of an unrelated person or public entity, outside the control of, and without the prior approval of, the landowner or tenant result in a change in the characteristics of cropland that would cause the land to be determined to be a wetland, the affected land shall not be considered to be wetland for purposes of this subtitle.

Subtitle D—Agricultural Resources Conservation Program

**[SEC. 1230A. [16 U.S.C. 3830a] GOOD FAITH RELIANCE. <sup>1230A-1</sup>]**

### **Subchapter B—Conservation Reserve**

**SEC. 1231. [16 U.S.C. 3831] CONSERVATION RESERVE.**

(a) IN GENERAL.—Through the 2012 fiscal year, the Secretary shall formulate and carry out a conservation reserve program under which land is enrolled through the use of contracts to assist owners and operators of land specified in subsection (b) to conserve and improve the soil, water, and wildlife resources of such land and to address issues raised by State, regional, and national conservation initiatives.

(b) ELIGIBLE LAND.—The Secretary may include in the program established under this subchapter—

(1) highly erodible cropland that—

(A)(i) if permitted to remain untreated could substantially reduce the agricultural production capability for future generations; or

(ii) cannot be farmed in accordance with a plan that complies with the requirements of subtitle B; and

(B) the Secretary determines had a cropping history or was considered to be planted for 4 of the 6 years preceding

<sup>1230A-1</sup> Sec. 2006(c) of the Farm Security and Rural Investment Act of 2002 (P.L. 107-171; 116 Stat. 237; May 13, 2002) repealed former sec. 1230A (related to good faith reliance).

- the date of enactment of the Food, Conservation, and Energy Act of 2008 (except for land enrolled in the conservation reserve program as of that date);
- (2) marginal pasture land converted to wetland or established as wildlife habitat prior to November 28, 1990;
- (3) marginal pasture land to be devoted to appropriate vegetation, including trees, in or near riparian areas, or devoted to similar water quality purposes (including marginal pastureland converted to wetland or established as wildlife habitat);
- (4) cropland that is otherwise ineligible if the Secretary determines that—
- (A) if permitted to remain in agricultural production, the land would—
- (i) contribute to the degradation of soil, water, or air quality; or
- (ii) pose an on-site or off-site environmental threat to soil, water, or air quality;
- (B) the land is a—
- (i) newly-created, permanent grass sod waterway; or
- (ii) a contour grass sod strip established and maintained as part of an approved conservation plan;
- (C) the land will be devoted to newly established living snow fences, permanent wildlife habitat, windbreaks, shelterbelts, or filterstrips devoted to trees or shrubs;
- (D) the land poses an off-farm environmental threat, or a threat of continued degradation of productivity due to soil salinity, if permitted to remain in production; or
- (E) enrollment of the land would facilitate a net savings in groundwater or surface water resources of the agricultural operation of the producer; or
- (5) the portion of land in a field not enrolled in the conservation reserve in a case in which more than 50 percent of the land in the field is enrolled as a buffer, if—
- (A) the land is enrolled as part of the buffer; and
- (B) the remainder of the field is—
- (i) infeasible to farm; and
- (ii) enrolled at regular rental rates.
- (c) PLANTING STATUS OF CERTAIN LAND.—For purposes of determining the eligibility of land to be placed in the conservation reserve established under this subchapter, land shall be considered to be planted to an agricultural commodity during a crop year if—
- (1) during the crop year, the land was devoted to a conserving use; or
- (2)(A) during the crop year or during any of the 2 years preceding the crop year, the land was enrolled in the water bank program; and
- (B) the contract of the owner or operator of the cropland expired or will expire in calendar year 2000, 2001, or 2002.
- (d) MAXIMUM ENROLLMENT.—The Secretary may maintain up to 39,200,000 acres in the conservation reserve at any 1 time during the 2002 through 2009 fiscal years (including contracts extended by the Secretary pursuant to section 1437(c) of the Food,

Agriculture, Conservation, and Trade Act of 1990 (16 U.S.C. 3831 note; Public Law 101-624)). During fiscal years 2010, 2011, 2012, and 2013, the Secretary may maintain up to 32,000,000 acres in the conservation reserve at any 1 time.

(e) DURATION OF CONTRACT.—

(1) IN GENERAL.—For the purpose of carrying out this subchapter, the Secretary shall enter into contracts of not less than 10, nor more than 15, years.

(2) CERTAIN LAND.—

(A) IN GENERAL.—In the case of land devoted to hardwood trees, shelterbelts, windbreaks, or wildlife corridors under a contract entered into under this subchapter after October 1, 1990, and land devoted to such uses under contracts modified under section 1235A, the owner or operator of the land may, within the limitations prescribed under this section, specify the duration of the contract.

(B) HARDWOOD TREES.—In the case of land that is devoted to hardwood trees under a contract entered into under this subchapter prior to October 1, 1990, the Secretary may extend the contract for a term of not to exceed 5 years, as agreed to by the owner or operator of such land and the Secretary.

(3) 1-YEAR EXTENSION.—In the case of a contract described in paragraph (1) the term of which expires during calendar year 2002, an owner or operator of land enrolled under the contract may extend the contract for 1 additional year.

(f) CONSERVATION PRIORITY AREAS.—

(1) DESIGNATION.—On application by the appropriate State agency, the Secretary shall designate watershed areas of the Chesapeake Bay Region, the Great Lakes Region, the Long Island Sound Region, and other areas of special environmental sensitivity as conservation priority areas.

(2) ELIGIBLE WATERSHEDS.—Watersheds eligible for designation under this subsection shall include areas with actual and significant adverse water quality or habitat impacts related to agricultural production activities.

(3) EXPIRATION.—Conservation priority area designation under this subsection shall expire after 5 years, subject to redesignation, except that the Secretary may withdraw a watershed's designation—

(A) on application by the appropriate State agency; or

(B) in the case of an area covered by this subsection, if the Secretary finds that the area no longer contains actual and significant adverse water quality or habitat impacts related to agricultural production activities.

(4) DUTY OF SECRETARY.—In carrying out this subsection, the Secretary shall attempt to maximize water quality and habitat benefits in the watersheds described in paragraph (1) by promoting a significant level of enrollment of land within the watersheds in the program under this subchapter by whatever means the Secretary determines are appropriate and consistent with the purposes of this subchapter.

(g) MULTI-YEAR GRASSES AND LEGUMES.—

(1) IN GENERAL.—For purposes of this subchapter, alfalfa and other multi-year grasses and legumes in a rotation practice, approved by the Secretary, shall be considered agricultural commodities.

(2) CROPPING HISTORY.—Alfalfa, when grown as part of a rotation practice, as determined by the Secretary, is an agricultural commodity subject to the cropping history criteria under subsection (b)(1)(B) for the purpose of determining whether highly erodible cropland has been planted or considered planted for 4 of the 6 years referred to in such subsection.

(h) ELIGIBILITY FOR CONSIDERATION.—On the expiration of a contract entered into under this subchapter, the land subject to the contract shall be eligible to be considered for reenrollment in the conservation reserve.

(i) BALANCE OF NATURAL RESOURCE PURPOSES.—In determining the acceptability of contract offers under this subchapter, the Secretary shall ensure, to the maximum extent practicable, an equitable balance among the conservation purposes of soil erosion, water quality, and wildlife habitat.

**SEC. 1231A. [16 U.S.C. 3831a] EMERGENCY FORESTRY CONSERVATION RESERVE PROGRAM.** <sup>1231A-1</sup>

(a) DEFINITIONS.—In this section:

(1) MERCHANTABLE TIMBER.—The term “merchantable timber” means timber on private nonindustrial forest land on which the average tree has a trunk diameter of at least 6 inches measured at a point no less than 4.5 feet above the ground.

(2) PRIVATE NONINDUSTRIAL FOREST LAND.—The term “private nonindustrial forest land” includes State school trust land.

(b) PROGRAM.—The Secretary shall carry out an emergency pilot program in States that the Secretary determines have suffered damage to merchantable timber in counties affected by hurricanes during the 2005 calendar year.

(c) ELIGIBLE ACREAGE.—

(1) IN GENERAL.—Subject to paragraph (2) and the availability of funds under paragraph (7), an owner or operator may enroll private nonindustrial forest land in the conservation reserve under this section.

(2) DETERMINATION OF DAMAGES.—Eligibility for enrollment shall be limited to owners and operators of private nonindustrial forest land that have experienced a loss of 35 percent or more of merchantable timber in a county affected by hurricanes during the 2005 calendar year.

(3) EXEMPTIONS.—Acreage enrolled in the conservation reserve under this section shall not count toward—

(A) county acreage limitations described in section 1243(b); or

<sup>1231A-1</sup> Sec. 2106(b) of the Food, Conservation, and Energy Act of 2008 (P.L. 110-246; 122 Stat. 1760) redesignated the previous subsection (k) of section 1231 as a new section 1231A and redesignated the paragraphs in that subsection as subsections, the subparagraphs as paragraphs, the clauses as subparagraphs, and the subclauses as clauses. However, there were no instructions to indent the new levels appropriately. Section 1231A should probably be amended to indent each level appropriately.

(B) the maximum enrollment described in section 1231(d).

(4) DUTIES OF OWNERS AND OPERATORS.—As a condition of entering into a contract under this section, during the term of the contract, the owner or operator of private nonindustrial forest land shall agree—

(A) to restore the land, through site preparation and planting of similar species as existing prior to hurricane damages or to the maximum extent practicable with other native species, as determined by the Secretary; and

(B) to establish temporary vegetative cover the purpose of which is to prevent soil erosion on the eligible acreage, as determined by the Secretary.

(5) DUTIES OF THE SECRETARY.—

(A) IN GENERAL.—In return for a contract entered into by an owner or operator of private nonindustrial forest land under this section, the Secretary shall provide, at the option of the landowner—

(i) notwithstanding the limitation in section 1234(f)(1), a lump sum payment; or

(ii) annual rental payments.

(B) CALCULATION OF LUMP SUM PAYMENT.—The lump sum payment described in subparagraph (A)(i) shall be calculated using a net present value formula, as determined by the Secretary, based on the total amount a producer would receive over the duration of the contract.

(C) CALCULATION OF ANNUAL RENTAL PAYMENTS.—The annual rental payment described in subparagraph (A)(ii) shall be equal to the average rental rate for conservation reserve contracts in the county in which the land is located.

(D) ROLLING SIGNUP.—The Secretary shall offer a rolling signup for contracts under this section.

(E) DURATION OF CONTRACTS.—A contract entered into under this section shall have a term of 10 years.

(6) BALANCE OF NATURAL RESOURCES.—In determining the acceptability of contract offers under this section, the Secretary shall consider an equitable balance among the purposes of soil erosion prevention, water quality improvement, wildlife habitat restoration, and mitigation of economic loss.

(8) DETERMINATIONS BY SECRETARY.—A determination made by the Secretary under this section shall be final and conclusive.

(9) REGULATIONS.—

(A) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Secretary shall promulgate such regulations as are necessary to implement this section.

(B) PROCEDURE.—The promulgation of regulations and administration of this section shall be made without regard to—

(i) the notice and comment provisions of section 553 of title 5, United States Code;

(ii) the Statement of Policy of the Secretary of Agriculture effective July 24, 1971 (36 Fed. Reg. 13804), relating to notices of proposed rulemaking and public participation in rulemaking; and

(iii) chapter 35 of title 44, United States Code (commonly known as the “Paperwork Reduction Act”).

(C) CONGRESSIONAL REVIEW OF AGENCY RULE-MAKING.—In carrying out this section, the Secretary shall use the authority provided under section 808 of title 5, United States Code.

**SEC. 1231B. [16 U.S.C. 3831b] PILOT PROGRAM FOR ENROLLMENT OF WETLAND AND BUFFER ACREAGE IN CONSERVATION RESERVE.**

(a) PROGRAM REQUIRED.—

(1) IN GENERAL.—During the 2008 through 2012 fiscal years, the Secretary shall carry out a program in each State under which the Secretary shall enroll eligible acreage described in subsection (b).

(2) PARTICIPATION AMONG STATES.—The Secretary shall ensure, to the maximum extent practicable, that owners and operators in each State have an equitable opportunity to participate in the program established under this section.

(b) ELIGIBLE ACREAGE.—

(1) WETLAND AND RELATED LAND.—Subject to subsections (c) and (d), an owner or operator may enroll in the conservation reserve, pursuant to the program established under this section, land—

(A) that is wetland (including a converted wetland described in section 1222(b)(1)(A)) that had a cropping history during at least 3 of the immediately preceding 10 crop years;

(B) on which a constructed wetland is to be developed that will receive flow from a row crop agriculture drainage system and is designed to provide nitrogen removal in addition to other wetland functions;

(C) that was devoted to commercial pond-raised aquaculture in any year during the period of calendar years 2002 through 2007; or

(D) that, after January 1, 1990, and before December 31, 2002, was—

(A) to forfeit all rights to receive rental payments and cost sharing payments under the contract and to refund to the Secretary any rental payments and cost sharing payments received by the owner or operator under the contract, together with interest on the payments as determined by the Secretary, if the Secretary, after considering the recommendations of the soil conservation district and the Natural Resources Conservation Service, determines that the violation is of such nature as to warrant termination of the contract; or

(B) to refund to the Secretary, or accept adjustments to, the rental payments and cost sharing payments provided to the owner or operator, as the Secretary considers appropriate, if the Secretary determines that the violation does not warrant termination of the contract;

(7) on the transfer of the right and interest of the owner or operator in land subject to the contract—

(A) to forfeit all rights to rental payments and cost sharing payments under the contract; and

(B) to refund to the United States all rental payments and cost sharing payments received by the owner or operator, or accept such payment adjustments or make such re-

funds as the Secretary considers appropriate and consistent with the objectives of this subchapter; unless the transferee of the land agrees with the Secretary to assume all obligations of the contract, except that no refund of rental payments and cost sharing payments shall be required if the land is purchased by or for the United States Fish and Wildlife Service, or the transferee and the Secretary agree to modifications to the contract, in a case in which the modifications are consistent with the objectives of the program, as determined by the Secretary;

(8) not to conduct any harvesting or grazing, nor otherwise make commercial use of the forage, on land that is subject to the contract, nor adopt any similar practice specified in the contract by the Secretary as a practice that would tend to defeat the purposes of the contract, except that the Secretary may permit, consistent with the conservation of soil, water quality, and wildlife habitat (including habitat during nesting seasons for birds in the area)—

(c) FORECLOSURE.—

(1) IN GENERAL.—Notwithstanding any other provision of law, an owner or operator who is a party to a contract entered into under this subchapter may not be required to make repayments to the Secretary of amounts received under the contract if the land that is subject to the contract has been foreclosed on and the Secretary determines that forgiving the repayments is appropriate in order to provide fair and equitable treatment.

(2) RESUMPTION OF CONTROL.—

(A) IN GENERAL.—This subsection shall not void the responsibilities of an owner or operator under the contract if the owner or operator resumes control over the land that is subject to the contract within the period specified in the contract.

(B) CONTRACT.—On the resumption of the control over the land by the owner or operator, the provisions of the contract in effect on the date of the foreclosure shall apply.

(d) RENTAL PAYMENT REDUCTION FOR CERTAIN AUTHORIZED USES OF ENROLLED LAND.—In the case of an authorized activity under subsection (a)(8) on land that is subject to a contract under this subchapter, the Secretary shall reduce the rental payment otherwise payable under the contract by an amount commensurate with the economic value of the authorized activity.

(2) for a period of years not in excess of the term of the contract, pay an annual rental payment in an amount necessary to compensate for—

(A) the conversion of highly erodible cropland normally devoted to the production of an agricultural commodity on a farm or ranch to a less intensive use; and

(B) the retirement of any cropland base and allotment history that the owner or operator agrees to retire permanently.

(1) with respect to any cost-sharing payment obligation incurred by the Secretary, as soon as practicable after the obligation is incurred; and

(2) with respect to any annual rental payment obligation incurred by the Secretary—

(A) as soon as practicable after October 1 of each calendar year; or

(B) at the option of the Secretary, at any time prior to such date during the year that the obligation is incurred.

(b) **FEDERAL PERCENTAGE OF COST SHARING PAYMENTS.**—

(1) **IN GENERAL.**—In making cost sharing payments to an owner or operator under a contract entered into under this subchapter, the Secretary shall pay 50 percent of the cost of establishing water quality and conservation measures and practices required under each contract for which the Secretary determines that cost sharing is appropriate and in the public interest.

(2) **LIMITATION.**—The Secretary shall not make any payment to an owner or operator under this subchapter to the extent that the total amount of cost sharing payments provided to the owner or operator from all sources would exceed 100 percent of the total cost of establishing measures and practices described in paragraph (1).

(i) PERCENTAGE.—In making cost share payments to an owner or operator of land described in subparagraph (A), the Secretary shall pay 50 percent of the reasonable and necessary costs incurred by the owner or operator for maintaining trees or shrubs, including the cost of replanting (if the trees or shrubs were lost due to conditions beyond the control of the owner or operator) or thinning.

(ii) DURATION.—The Secretary shall make payments as described in clause (i) for a period of not less than 2 years, but not more than 4 years, beginning on the date of—

(I) the planting of the trees or shrubs; or

(II) the thinning of existing stands to improve the condition of resources on the land.

(4) HARDWOOD TREE PLANTING.—The Secretary may permit owners or operators that contract to devote at least 10 acres of land to the production of hardwood trees under this subchapter to extend the planting of the trees over a 3-year period if at least  $\frac{1}{3}$  of the trees are planted in each of the first 2 years.

(5) OTHER FEDERAL COST SHARE ASSISTANCE.—An owner or operator shall not be eligible to receive or retain cost share assistance under this subsection if the owner or operator receives any other Federal cost share assistance with respect to the land under any other provision of law.

(c) ANNUAL RENTAL PAYMENTS.—

(1) IN GENERAL.—In determining the amount of annual rental payments to be paid to owners and operators for converting highly erodible cropland normally devoted to the production of an agricultural commodity to less intensive use, the Secretary may consider, among other things, the amount necessary to encourage owners or operators of highly erodible cropland to participate in the program established by this subchapter.

(2) METHOD OF DETERMINATION.—The amounts payable to owners or operators in the form of rental payments under contracts entered into under this subchapter may be determined through—

(A) the submission of bids for such contracts by owners and operators in such manner as the Secretary may prescribe; or

(B) such other means as the Secretary determines are appropriate.

(3) ACCEPTANCE OF CONTRACT OFFERS.—

(A) EVALUATION OF OFFERS.—In determining the acceptability of contract offers, the Secretary may take into consideration the extent to which enrollment of the land that is the subject of the contract offer would improve soil resources, water quality, or wildlife habitat or provide other environmental benefits.

(B) ESTABLISHMENT OF DIFFERENT CRITERIA IN VARIOUS STATES AND REGIONS.—The Secretary may establish different criteria for determining the acceptability of contract offers in various States and regions of the United States based on the extent to which water quality or wildlife habitat may be improved or erosion may be abated.

(C) LOCAL PREFERENCE.—In determining the acceptability of contract offers for new enrollments, the Secretary shall accept, to the maximum extent practicable, an offer from an owner or operator that is a resident of the county in which the land is located or of a contiguous county if, as determined by the Secretary, the land would provide at least equivalent conservation benefits to land under competing offers.

(4) HARDWOOD TREE ACREAGE.—In the case of acreage enrolled in the conservation reserve established under this subchapter that is to be devoted to hardwood trees, the Secretary may consider bids for contracts under this subsection on a continuous basis.

(5) RENTAL RATES.—<sup>1234-1</sup>

(A) ANNUAL ESTIMATES.—The Secretary (acting through the National Agricultural Statistics Service) shall conduct an annual survey of per acre estimates of county average market dryland and irrigated cash rental rates for cropland and pastureland in all counties or equivalent subdivisions within each State that have 20,000 acres or more of cropland and pastureland.

(B) PUBLIC AVAILABILITY OF ESTIMATES.—The estimates derived from the annual survey conducted under subparagraph (A) shall be maintained on a website of the Department of Agriculture for use by the general public.

(d) CASH OR IN-KIND PAYMENTS.—

(B) may be made in advance of determination of performance.

(2) METHOD OF PROVIDING IN-KIND PAYMENTS.—If the payment to an owner or operator is made with in-kind commodities, the payment shall be made by the Commodity Credit Corporation—

(A) by delivery of the commodity involved to the owner or operator at a warehouse or other similar facility located in the county in which the highly erodible cropland is located or at such other location as is agreed to by the Secretary and the owner or operator;

(B) by the transfer of negotiable warehouse receipts; or

<sup>1234-1</sup> Sec. 2110(b)(2) of the Food, Conservation, and Energy Act of 2008 (P.L. 110-246; 122 Stat. 1763) provided that “The first survey required by paragraph (5) of section 1234(c) of the Food Security Act of 1985 (16 U.S.C. 3834(c)), as added by subsection (a), shall be conducted not later than 1 year after the date of enactment of this Act.”

(C) by such other method, including the sale of the commodity in commercial markets, as is determined by the Secretary to be appropriate to enable the owner or operator to receive efficient and expeditious possession of the commodity.

(3) CASH PAYMENTS.—

(A) COMMODITY CREDIT CORPORATION STOCKS.—If stocks of a commodity acquired by the Commodity Credit Corporation are not readily available to make full payment in kind to the owner or operator, the Secretary may substitute full or partial payment in cash for payment in kind.

(e) PAYMENTS ON DEATH, DISABILITY, OR SUCCESSION.—If an owner or operator that is entitled to a payment under a contract entered into under this subchapter dies, becomes incompetent, is otherwise unable to receive the payment, or is succeeded by another person that renders or completes the required performance, the Secretary shall make the payment, in accordance with regulations prescribed by the Secretary and without regard to any other provision of law, in such manner as the Secretary determines is fair and reasonable in light of all of the circumstances.

(f) PAYMENT LIMITATION FOR RENTAL PAYMENTS.—

(1) IN GENERAL.—The total amount of rental payments, including rental payments made in the form of in-kind commodities, received by a person or legal entity, directly or indirectly, under this subchapter for any fiscal year may not exceed \$50,000.

(3) <sup>1234-2</sup> OTHER PAYMENTS.—Rental payments received by an owner or operator shall be in addition to, and not affect, the total amount of payments that the owner or operator is otherwise eligible to receive under the Farm Security and Rural Investment Act of 2002.

(4) <sup>1234-2</sup> SPECIAL CONSERVATION RESERVE ENHANCEMENT PROGRAM.—

(A) IN GENERAL.—The provisions of this subsection that limit payments to any person or legal entity, and section 1305(d) of the Agricultural Reconciliation Act of 1987 (7 U.S.C. 1308 note; Public Law 100-203), shall not be applicable to payments received by a State, political subdivision, or agency thereof in connection with agreements entered into under a special conservation reserve enhancement program carried out by that entity that has been approved by the Secretary.

(B) AGREEMENTS.—The Secretary may enter into such agreements for payments to States (including political subdivisions and agencies of States) that the Secretary determines will advance the purposes of this subchapter.

<sup>1234-2</sup> Sec. 2110(c)(2) of the Food, Conservation, and Energy Act of 2008 (P.L. 110-246; 122 Stat. 1763) struck paragraph (2) but did not redesignate subsequent paragraphs. Paragraphs (3) and (4) probably should be redesignated as paragraphs (2) and (3), respectively.

(g) OTHER STATE OR LOCAL ASSISTANCE.—In addition to any payment under this subchapter, an owner or operator may receive cost share assistance, rental payments, or tax benefits from a State or subdivision thereof for enrolling land in the conservation reserve program.

(a) OWNERSHIP OR OPERATION REQUIREMENTS.—

(1) IN GENERAL.—Except as provided in paragraph (2), no contract shall be entered into under this subchapter concerning land with respect to which the ownership has changed in the 1-year period preceding the first year of the contract period unless—

(A) the new ownership was acquired by will or succession as a result of the death of the previous owner;

(B) the new ownership was acquired before January 1, 1985;

(C) the Secretary determines that the land was acquired under circumstances that give adequate assurance that the land was not acquired for the purpose of placing the land in the program established by this subchapter; or

(2) enter into a new contract in accordance with this subchapter; or

(3) elect not to participate in the program established by this subchapter.

(c) MODIFICATIONS.—

(1) IN GENERAL.—The Secretary may modify a contract entered into with an owner or operator under this subchapter if—

(A) the owner or operator agrees to the modification; and

(B) the Secretary determines that the modification is desirable—

- (i) to carry out this subchapter;
- (ii) to facilitate the practical administration of this subchapter;
- (iii) to facilitate a transition of land subject to the contract from a retired or retiring owner or operator to a beginning farmer or rancher or socially disadvantaged farmer or rancher for the purpose of returning some or all of the land into production using sustainable grazing or crop production methods; or
- (iv) to achieve such other goals as the Secretary determines are appropriate, consistent with this subchapter.

(2) PRODUCTION OF AGRICULTURAL COMMODITIES.—The Secretary may modify or waive a term or condition of a contract entered into under this subchapter in order to permit all or part of the land subject to such contract to be devoted to the production of an agricultural commodity during a crop year, subject to such conditions as the Secretary determines are appropriate.

(d) TERMINATION.—

(1) IN GENERAL.—The Secretary may terminate a contract entered into with an owner or operator under this subchapter if—

- (A) the owner or operator agrees to the termination;
- and
- (B) the Secretary determines that the termination would be in the public interest.

- (B) Land with an erodibility index of more than 15.

(C) Other land of high environmental value (including wetland), as determined by the Secretary.

(3) EFFECTIVE DATE.—The contract termination shall become effective 60 days after the date on which the owner or operator submits the notice required under paragraph (1)(C).

(4) PRORATED RENTAL PAYMENT.—If a contract entered into under this subchapter is terminated under this subsection before the end of the fiscal year for which a rental payment is due, the Secretary shall provide a prorated rental payment covering the portion of the fiscal year during which the contract was in effect.

(5) RENEWED ENROLLMENT.—The termination of a contract entered into under this subchapter shall not affect the ability of the owner or operator that requested the termination to submit a subsequent bid to enroll the land that was subject to the contract into the conservation reserve.

(6) CONSERVATION REQUIREMENTS.—If land that was subject to a contract is returned to production of an agricultural commodity, the conservation requirements under subtitles B and C shall apply to the use of the land to the extent that the requirements are similar to those requirements imposed on other similar land in the area, except that the requirements may not be more onerous than the requirements imposed on other land.

(f) TRANSITION OPTION FOR CERTAIN FARMERS OR RANCHERS.—

(1) DUTIES OF THE SECRETARY.—In the case of a contract modification approved in order to facilitate the transfer, as described in subsection (c)(1)(B)(iii), of land to a beginning farmer or rancher or socially disadvantaged farmer or rancher (in this subsection referred to as a “covered farmer or rancher”), the Secretary shall—

(B) beginning on the date of termination of the contract, require the retired or retiring owner or operator to sell or lease (under a long-term lease or a lease with an option to purchase) to the covered farmer or rancher the land subject to the contract for production purposes;

(C) require the covered farmer or rancher to develop and implement a conservation plan;

(D) provide to the covered farmer or rancher an opportunity to enroll in the conservation stewardship program or the environmental quality incentives program by not later than the date on which the farmer or rancher takes possession of the land through ownership or lease; and

(E) continue to make annual payments to the retired or retiring owner or operator for not more than an additional 2 years after the date of termination of the contract,

if the retired or retiring owner or operator is not a family member (as defined in section 1001A(b)(3)(B) of this Act) of the covered farmer or rancher.

(2) REENROLLMENT.—The Secretary shall provide a covered farmer or rancher with the option to reenroll any applicable partial field conservation practice that—

(B) is part of an approved conservation plan.

**SEC. 1235A. [16 U.S.C. 3835a] CONVERSION OF LAND SUBJECT TO CONTRACT TO OTHER CONSERVING USES.**

(a) CONVERSION TO TREES.—

(1) IN GENERAL.—The Secretary shall permit an owner or operator that has entered into a contract under this subchapter that is in effect on November 28, 1990, to convert areas of highly erodible cropland that are subject to the contract, and that are devoted to vegetative cover, from that use to hardwood trees, windbreaks, shelterbelts, or wildlife corridors.

(2) TERMS.—

(A) EXTENSION OF CONTRACT.—With respect to a contract that is modified under this section that provides for the planting of hardwood trees, windbreaks, shelterbelts, or wildlife corridors, if the original term of the contract was less than 15 years, the owner or operator may extend the contract to a term of not to exceed 15 years.

(B) COST SHARE ASSISTANCE.—The Secretary shall pay 50 percent of the cost of establishing conservation measures and practices authorized under this subsection for which the Secretary determines the cost sharing is appropriate and in the public interest.

(b) CONVERSION TO WETLAND.—The Secretary shall permit an owner or operator that has entered into a contract under this subchapter that is in effect on November 28, 1990, to restore areas of highly erodible cropland that are devoted to vegetative cover under the contract to wetland if—

(2) the owner or operator of the areas enters into an agreement to provide the Secretary with a long-term or permanent easement under subchapter C covering the areas;

(3) there is a high probability that the prior converted area can be successfully restored to wetland status; and

(4) the restoration of the areas otherwise meets the requirements of subchapter C.

(c) LIMITATION.—The Secretary shall not incur, through a conversion under this section, any additional expense on the acres, including the expense involved in the original establishment of the vegetative cover, that would result in cost share for costs under this section in excess of the costs that would have been subject to cost share for the new practice had that practice been the original practice.

(d) CONDITION OF CONTRACT.—An owner or operator shall as a condition of entering into a contract under subsection (a) participate in the Forest Stewardship Program established under section

5 of the Cooperative Forestry Assistance Act of 1978 (16 U.S.C. 2103a).

#### CHAPTER 4—ENVIRONMENTAL QUALITY INCENTIVES PROGRAM

##### SEC. 1240. [16 U.S.C. 3839aa] PURPOSES.

The purposes of the environmental quality incentives program established by this chapter are to promote agricultural production, forest management, and environmental quality as compatible goals, and to optimize environmental benefits, by—

(1) assisting producers in complying with local, State, and national regulatory requirements concerning—

(A) soil, water, and air quality;

(B) wildlife habitat; and

(C) surface and ground water conservation;

(2) avoiding, to the maximum extent practicable, the need for resource and regulatory programs by assisting producers in protecting soil, water, air, and related natural resources and

meeting environmental quality criteria established by Federal, State, tribal, and local agencies;

(3) providing flexible assistance to producers to install and maintain conservation practices that sustain food and fiber production while—

(A) enhancing soil, water, and related natural resources, including grazing land, forestland, wetland, and wildlife; and

(B) conserving energy;

(4) assisting producers to make beneficial, cost effective changes to production systems (including conservation practices related to organic production), grazing management, fuels management, forest management, nutrient management associated with livestock, pest or irrigation management, or other practices on agricultural and forested land; and

(5) consolidating and streamlining conservation planning and regulatory compliance processes to reduce administrative burdens on producers and the cost of achieving environmental goals.

(A) strengthen the position of the pork industry in the marketplace; and

(B) maintain, develop, and expand markets for pork and pork products.

(2) Such procedure shall be implemented, and such program shall be conducted, at no cost to the Federal Government.

(3) Nothing in this subtitle may be construed to—

(A) permit or require the imposition of quality standards for pork or pork products;

(B) provide for control of the production of pork or pork products; or
